DEDICATION

One reason, or should I say the only reason Saratoga has always had a winning football team is because of a man whose name is synonymous to the word football. Mr. Pierce has the kind of dedication I wish we all had. The kind of dedication that spurred him on to coach all last season despite a serious neck operation and very deep pain. The kind of dedication that made him coach our team against his son, who was playing for Los Gatos, a job most ordinary fathers would have found impossible. But you see he only had one son playing for Los Gatos, while he had 34 playing for Saratoga. I could write all day about the things this man has done for football, for they are numberless. There's another side to Mr. Pierce.

When I first met Mr. Pierce, I knew there was something more to him than just a slight bald, good-natured man. He always seem to inspire an awe in those that meet him, but even with this awe, as he talks to you he puts you immediately at ease. You can talk to him as if you've known him for years, and you find yourself revealing very personal things that you would never tell anyone. This man has the ability to talk to anyone on any level and make him feel at ease because of it.

I don't think any amount of words could truly do credit to him, and I hardly think that I am qualified to write the dedication to such a truly great man.

THANK-YOU MR. PIERCE, thanks for your dedication, your long hours, your deep love for Saratoga, but most of all, thanks for being you.

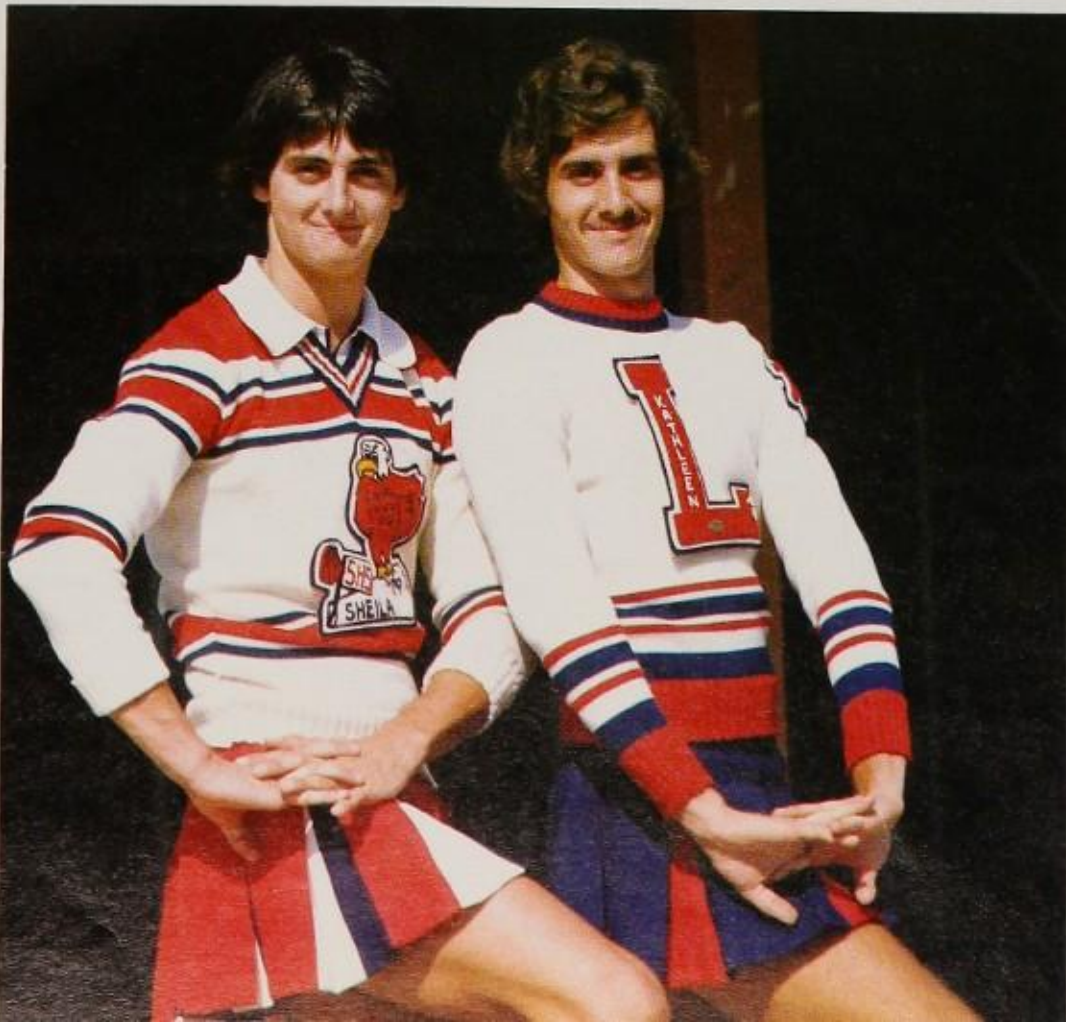

Ernie Pacioni

Mr. Pierce is a great coach and a winner too, but besides being both these things, he's like a father to me and the rest of the people on the team. So far this year, we haven't done so well, but he doesn't give up on us. Actually, he seems to try only harder and he won't let us give up either. He encourages us to have pride in ourselves and work harder to show people that we're not quitters.

After a game if we won or lost, he always has something to thank God for and he's always looking ahead. After two C.C.S. crowns and seven or more league championships, he could say, "Well, this just isn't a good year." But he never says, can't.

Clubs, drama, journalism, sports, spirit;
there were so many things going on at school
this year that it would be hard not to become
involved in something.

If you walked around the quad after school,
you would see spirit leaders practicing. Girls
were swimming in the pool, and out on the
field football players were practicing for Fri-
day night's game. Walk into a classroom at
lunch, and you might have seen a meeting of
the German club, or heard the click-click of a
typesetter.

Before school, dancers rehearsed in front
of mirrors, and the marching band played out
on the football field. It seems the campus was
never quiet.

The week of Homecoming had many activities planned. The spirit was high as each class competed in each activity. There were the rallies, in which each class had a chance to gain points in order to win the spirit trophy. The class with the most points at the end of the week received the trophy. There was a hat day, a reverse day, and a movie theme day. Cinderella was the movie for the Freshmen, King Kong was the movie for the Sophomores, the Juniors had Alice in Wonderland, and the Seniors followed the Yellow Brick Road with The Wizard of Oz.

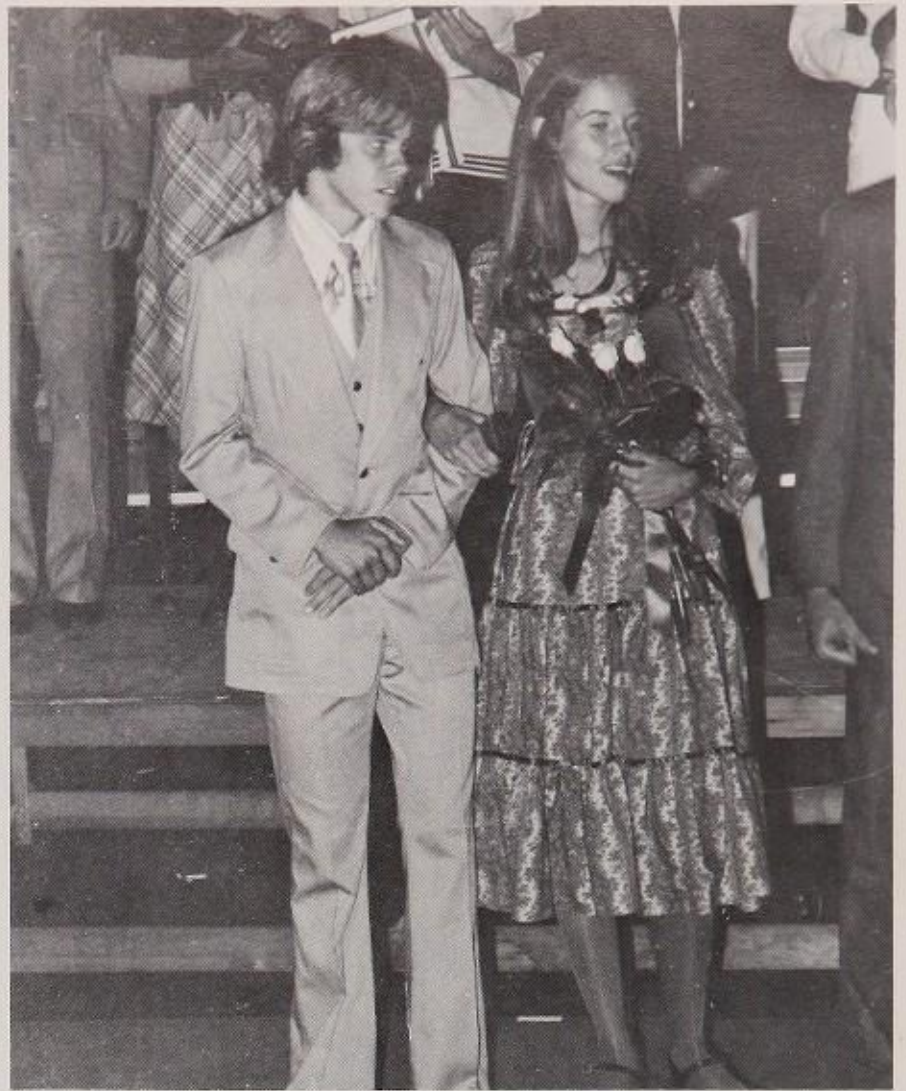

As the Homecoming half-time show proceeded, the important announcements were made. The Seniors won the trophy. Brian Prestwich received the honor of being King, Ann deBenedetti was selected Queen, Peggy Porter and Mary Ann Wall were voted Senior princesses, Michelle Buchanan was chosen Junior princess, Carol Isherwood was voted Sophomore princess, and Kim Quarles was selected Freshman princess.

'Detective Story' cast sought realism

Realism was the keynote of the 1977 fall play, *Detective Story*, by Sidney Kingsley, directed by Mr. Clint Scrivner, assisted by student directors Ann Larson and Marybeth Travis, and technical directors Larry Hupman and Jim Van Over.

The act curtain was eliminated, and characters entered and left the stage in character at all times. A working clock and authentic street noises added realistic touches to the police station setting for the three-act drama.

Included in the large cast were Brian Prestwich as McLeod and Ann Larson as his wife, Mary; Warren Bross, Dave Warner, Tom Miller, Lance Guest, Greg Underwood, Felicia Rosner and Paul Travis as policemen; Fred Dick as the Lieutenant; Judee Moore as the shoplifter, Chris Slagle and Joel Soloman as burglars; Sharon Petrucha as the reporter; Kathie Grimes (R.T.T.) as Ms. Prichett; John Boswell as Tami Giacopetti; Chris Utley as Endicott Sims; Martin Tuttle as Arthur; and Carole Wells as Susan.

Yearbook staff small, but conscientious

Last year, when I was asked to be the Editor of this year's Talisman, I had no idea what an awesome responsibility I was taking on. I realized that the job wouldn't be easy, but there was no way of realizing beforehand just how hard it would be. To begin with, the production of the yearbook in the past had always been a regular class, just like an English elective. But this year, due to lack of money, the class was cancelled, so most of the work was done either after school or during a free period. A couple people were new on the staff this year, so they had to go through the ordeal of learning how everything is done.

In any type of production like this, the capacity for human error is very big. Film gets ruined, pictures don't come out, people don't show up for pictures, and pages get lost. These are things that you can't control, so you learn to live with them.

I think every Editor starts out with stars in his or her eyes; their book is going to be the best book that Saratoga High has ever seen. Along the way, dreams get trampled and reality sets in. Mistakes happen that can't be fixed by the deadline tomorrow, so they slip through. But every book, good or bad, is a culmination of a whole year of hard work, and it should be appreciated for being just that.

The Saratoga FALCON newspaper staff had a lot of "firsts" this year. It was the first time the newspaper had three editors; Warren Bross, Martin Tuttle, and Sandy Thomas. Due to extra effort, including extra ad sales, the staff was able to go to a printer to get bigger issues printed. It was also the first time that the whole newspaper staff met during the summer in order to prepare a paper for the first day of school. Under the supervision of advisor George Scott, the newspaper staff was able to completely produce a newspaper every other week, with larger issues for Thanksgiving, Christmas, and other holidays.

Saratoga presents Oliver

I've been in all three of the musicals that Saratoga High has presented, and each one has been a completely unique experience. This year it's Oliver. I have to say that this cast is incredibly loaded with talent and strong workers. When all that talent is brought together for six weeks you can't help but end up with an outstanding product. Sometimes the work is discouraging, often it is a lot of fun. After the six weeks it all comes together into seven nights of music, dance, fantasy, laughter, and of course tears. Tears of joy for what we've shared together and with our audience, and tears of sadness because the many days of hardwork, respect, and love that we have shared together, has come to an end.

A. S. B. sponsors new activities

Student Council started off on a good foot with a week long leadership conference in June prior to the school year. All class officers, A. S. B. officers, commissioners, and class representatives met to plan the school calendar for the upcoming year.

Enthusiasm was very strong throughout the year with many students getting involved in student body activities.

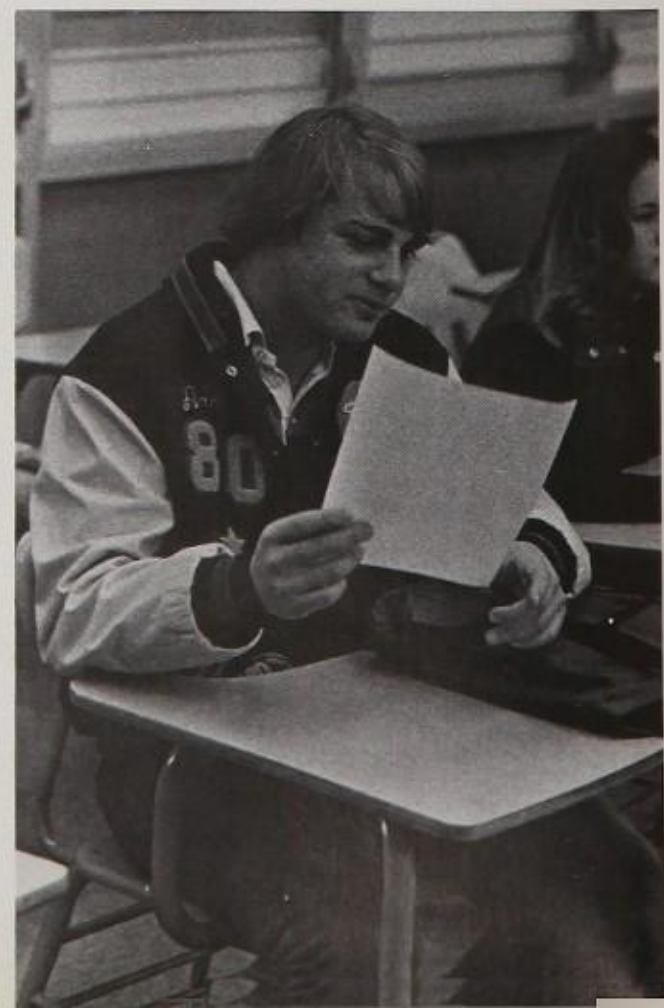

Many new ideas came up this year including revising the old constitution, new successful fundraisers, and a muscular dystrophy dance-a-thon.

The A. S. B. officers spend more time than what meets the eye working on student body activities. More than once an A. S. B. officer can be

seen at school working hours after the rest of the students have gone home. And many week-ends were spent solely on student body activities.

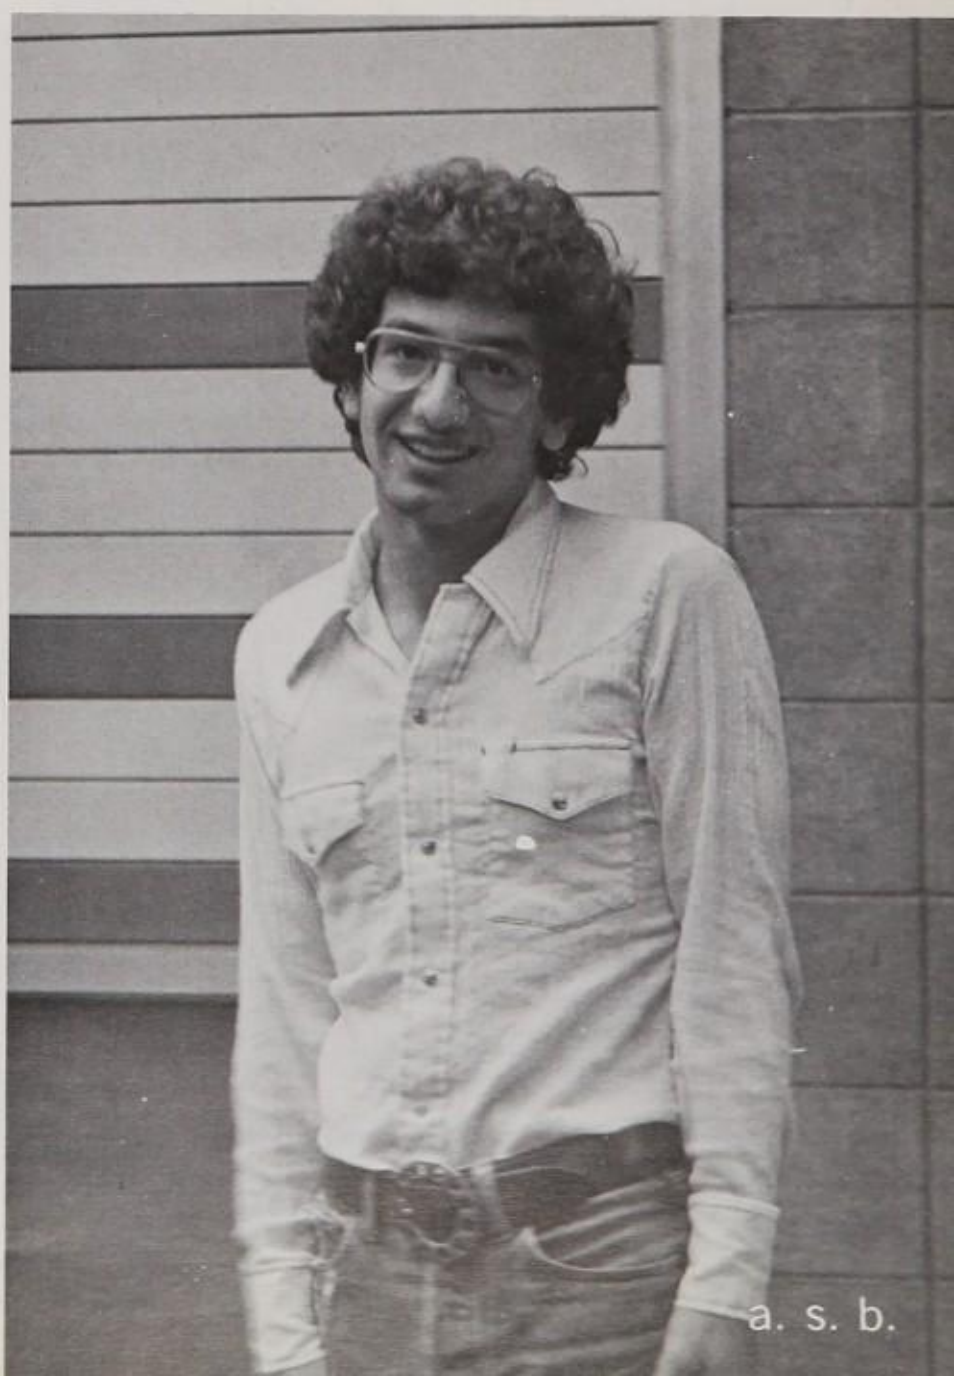

The Student Council also had a lot of teacher support backing their activities. Dean Karen Perry and Dean Donald Boysen were always around to help out on all activities.

Meetings for Student Council were held every Wednesday morning during activity a period. While the rest of the student body was sleeping in, the members of the student council were discussing matters effecting the school. All Student Council meetings were always open to the public, so that anyone could come in and discuss items concerning Saratoga High.

Dancers "gotta dance!"

Dance Production brought about many mixed emotions. It wasn't all peaches and cream. I don't just mean the hard work that went into the show, I mean the "behind the scene" hassels. But all of the negative feelings were strongly overpowered by the positive feelings such as performing. For some people, performing was important because it showed the hard work involved in the production. Performing was important to me because of the intense feeling of interplay between myself and the audience and most of all—because I love to dance!

Being in choir for two years has been quite an experience. A stranger walking into the middle of choir class would probably wonder about a group of 75 teenagers marching vigorously to the Mickey Mouse club march, facing the clock and hissing like snakes, lining up in a long line and giving shoulder massages. Believe or not, our strange excersies have a purpose. This becomes evident to anyone who has attended a choir concert. We do many strange things and have a lot of fun, but somehow Mr. Page gives us the incentive to apply ourselves and come out with a sound we can really be proud of.

Even though choir is hard work, it is still my favorite class and I always find myself looking forward to fourth period.

Bands carry out tradition

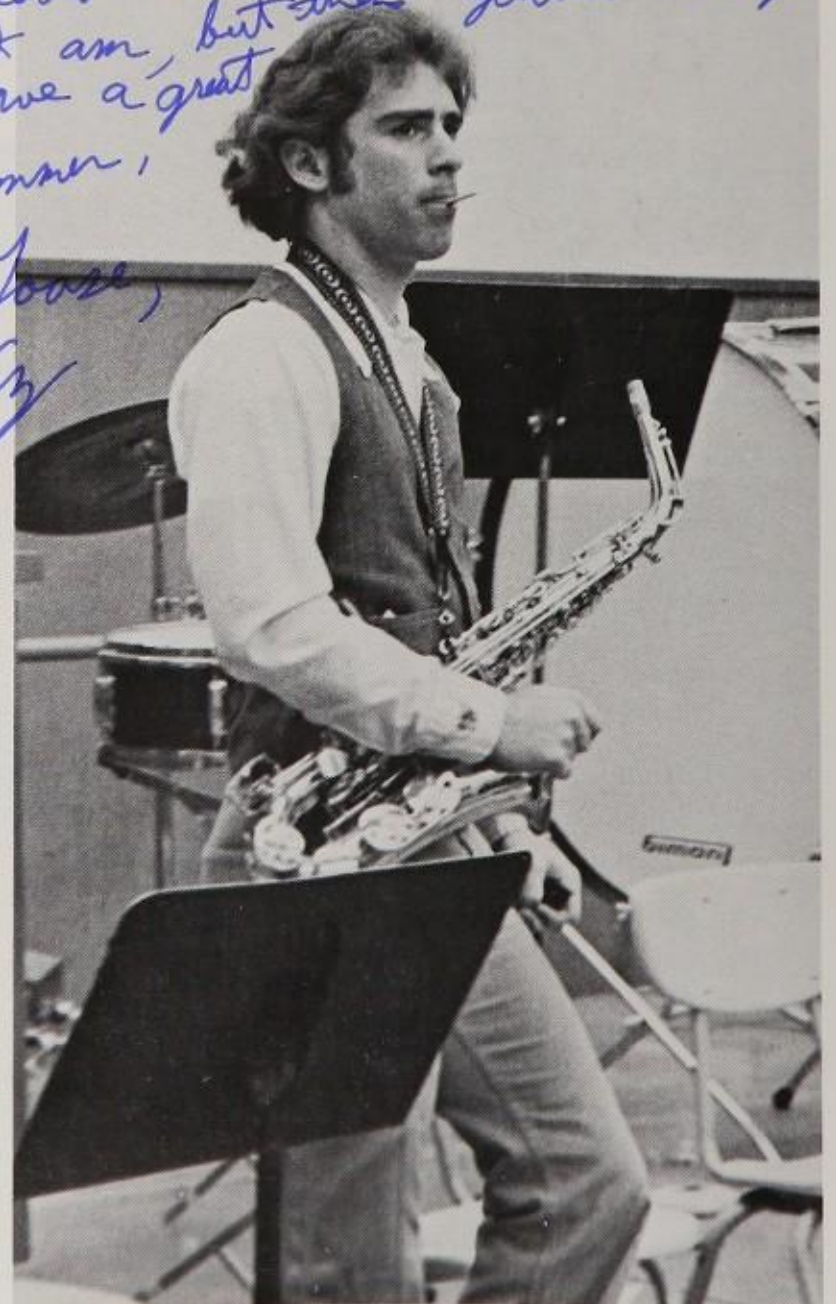

Approximately one fourth of the student body at Saratoga are involved in the various music classes at Saratoga High. The music departments offers four concert bands, a 200 piece marching band, a full symphony orchestra, three choirs, a harmony class, and a beginning guitar class.

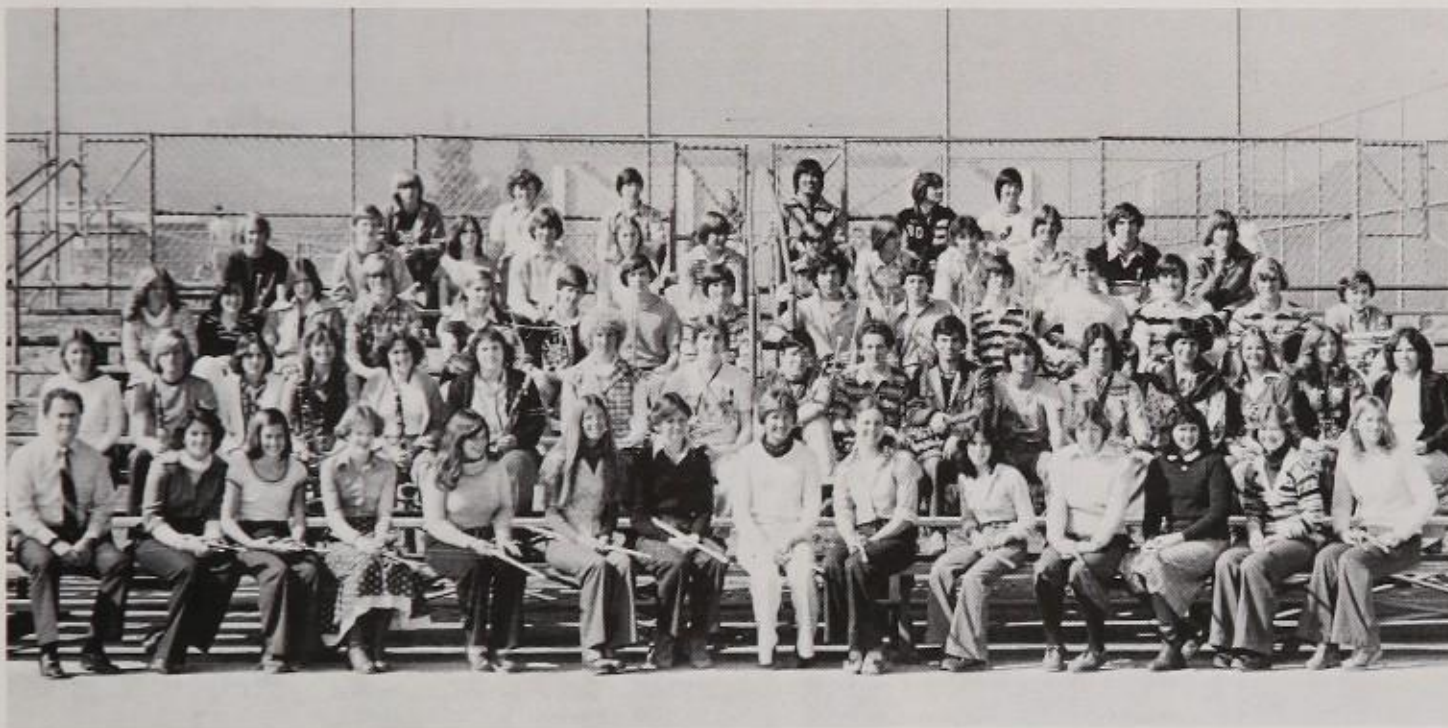

This year the marching band had the honor of being invited to perform at the half-time of the San Jose State University homecoming, and the season opening of Marriott's Great America. The various bands also played forty additional concerts, parades, and school events through out the year.

Andy,
 what can I say
 except that you've
 really been great
 to me and I'll
 never forget you.
 your friendship
 has meant a lot
 to me and I hope
 that it will grow
 & grow over the
 years. More than
 anything I wish
 that you made
 ASB vice-president
 we could of & would
 have had so much
 fun. Come see me
 over the summer.
 Love ya lots,
 Anne
 Abruzzo

Andy,
 I am really
 glad I got to know
 you this year. I didn't
 know they made Sophomores
 as nice as you. When I'm
 on all the Senior mix year picking
 remember you & be nice to you.
 No, seriously, you are a really
 nice guy & I hope I see more
 of you over summer.
 Have a good summer!
 Love,
 Cindy

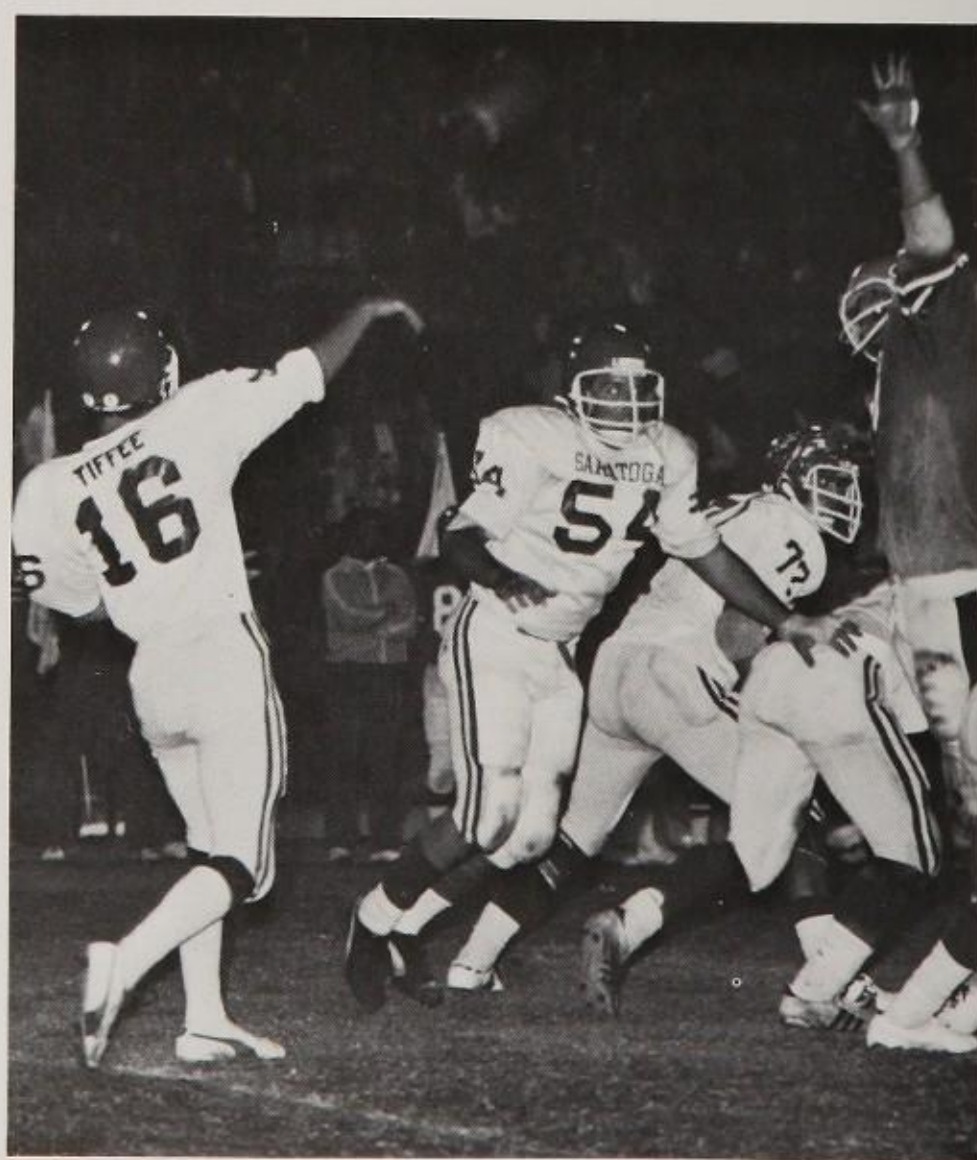

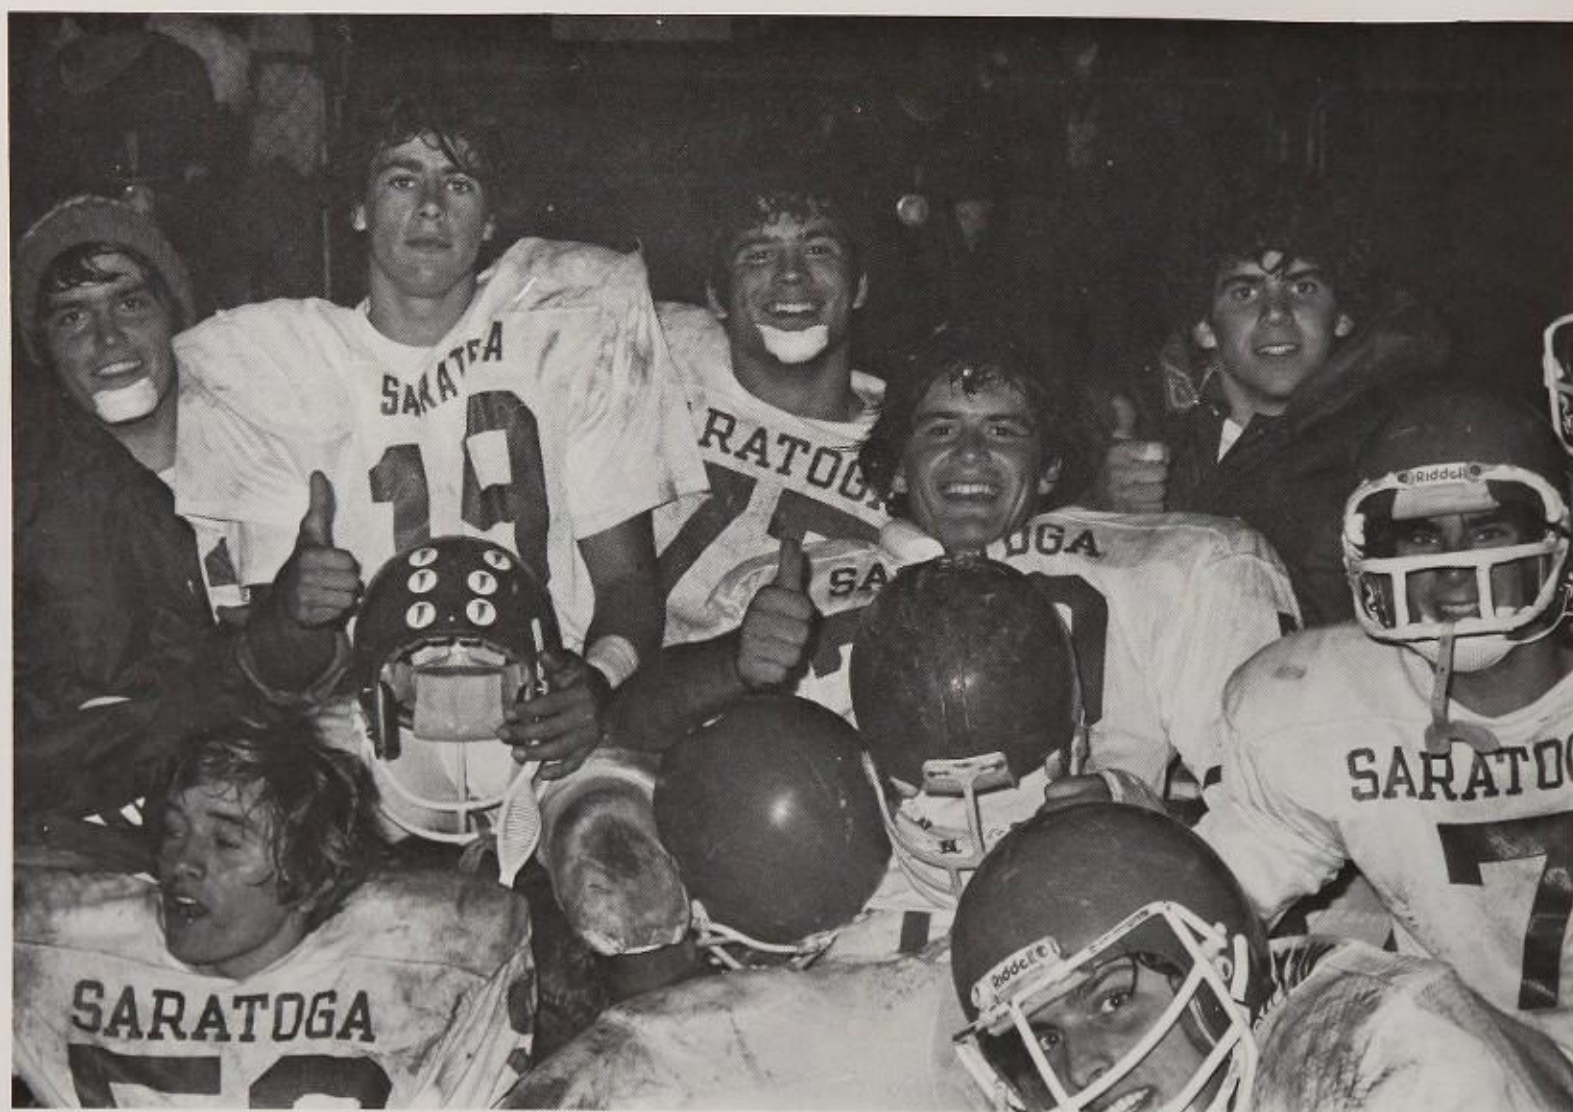

Andy,
 where can I begin? At the
 beginning I guess! I can't even
 imagine this year without your
 friendship - it's meant so much to
 me. I feel like I've known you for so
 long. You've been so easy to talk to
 listening. I wish so much you
 you had ~~one~~ won but it's the
 school's loss. There are so many
 times I'll never forget - especially
 the night after kinder's party when
 you were dancing around & singing
 paramedic songs!
 We've had some great times
 and we've got two more years to add on more
 I know we'll be friends forever.
 I wish you all the happiness in the world!
 Love Allison

The second year in the De Anza League proved to be a real toughy. All competitors had been noted as champs in their fields which made competition really intense. Though the competition was tough, all Falcon teams, no matter how small or big, did an overall excellent job. As in the past years, the Falcon men and women showed their everlasting strength and dignity. As Coach Calpin put it, we should stay in the De Anza league for a couple more years to toughen up, then go back to the West Valley league and clean up. This seems to be a common sentiment among all coaches in the valley concerning the level of difficulty in the league.

SPORTS

Varsity eleven pull through season

The Falcons came out of the 1977-1978 football season with a little less than they hoped for. With a 5-5 record, disappointment was present.

The team seemed to have great potential, but it was plagued by many misfortunes. To name a few, injuries were present throughout the entire season. There was always

someone standing on the sidelines in some sort of cast or brace. This season was truly a learning one. Juniors seemed to outnumber the seniors on the field, and two of the quarterbacks were playing Varsity ball for the first time.

But with the inexperienced players came the experienced. Vinnie Milazzo and Ernie Pacioni led the line

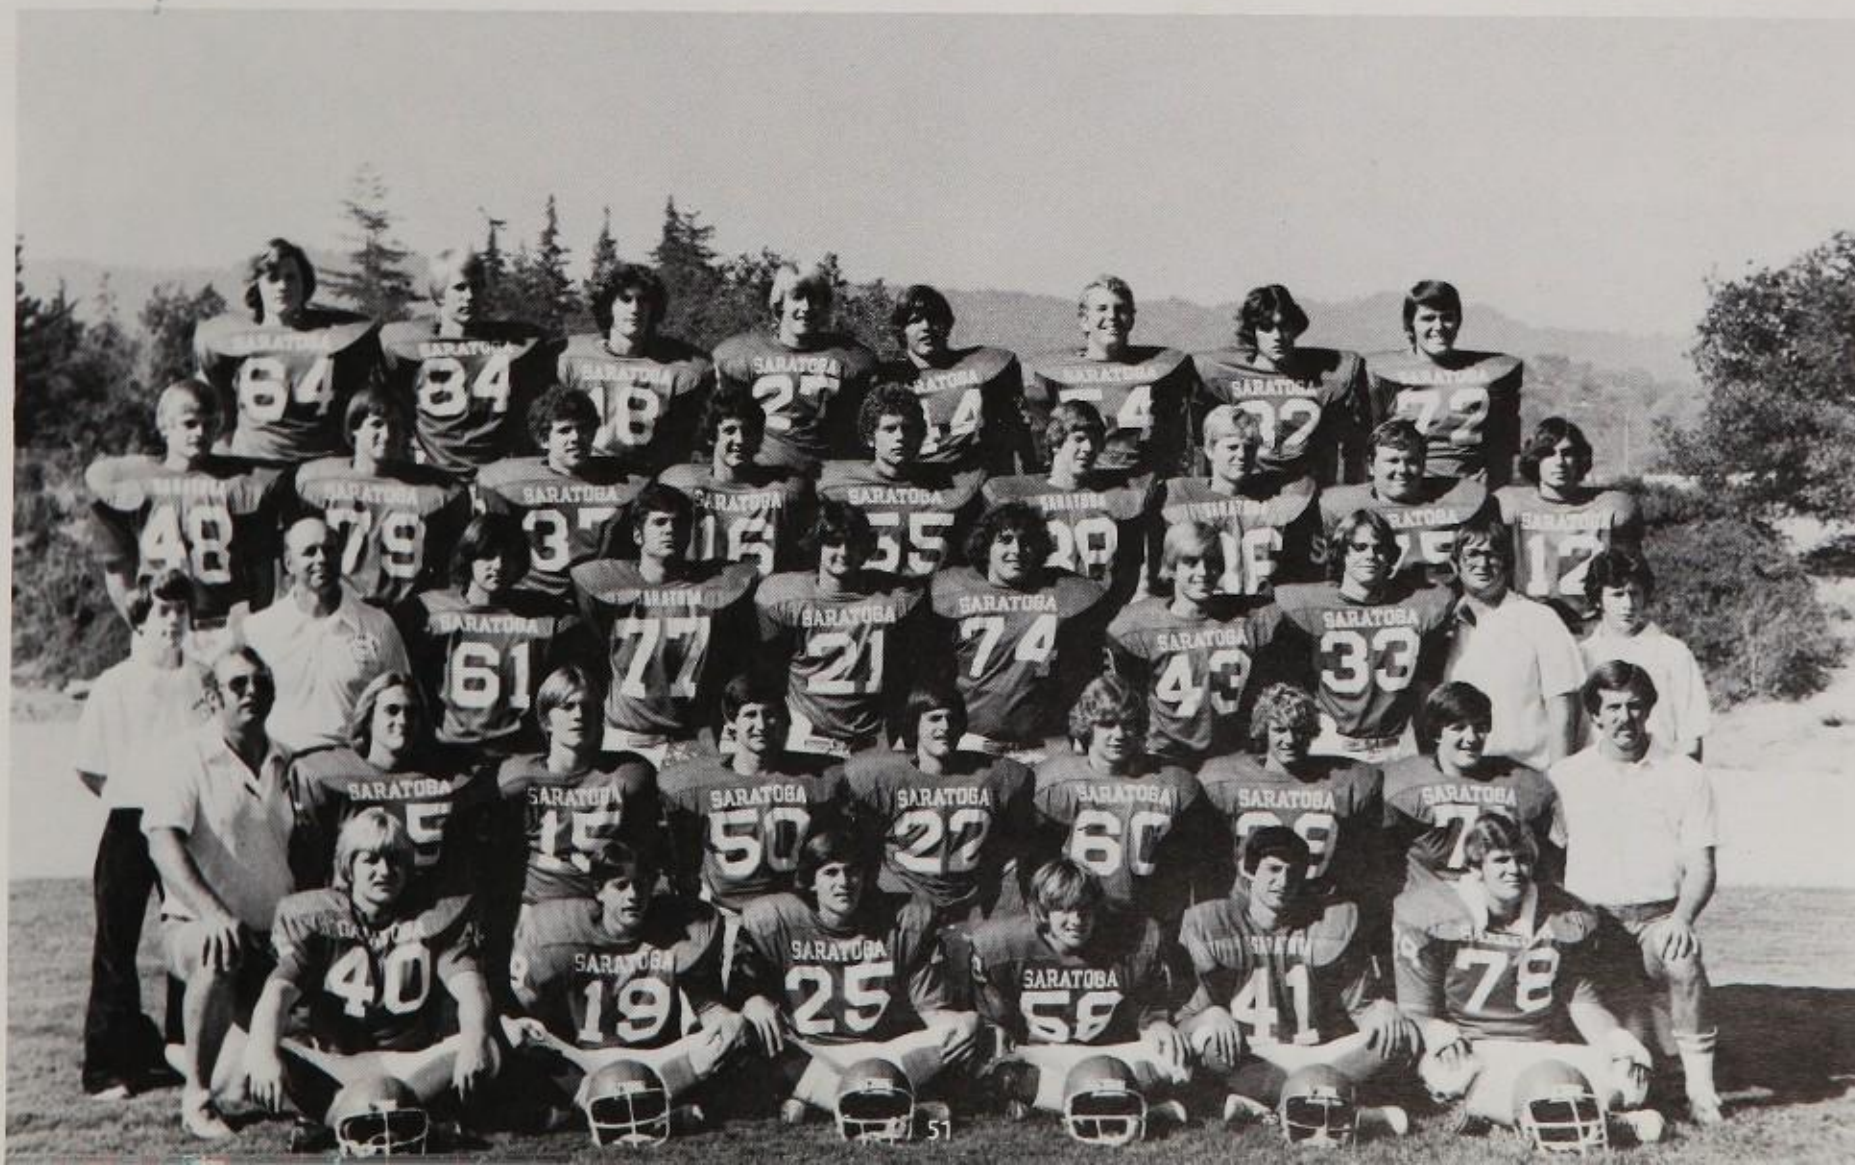

with outstanding strength.

Bob Johnson, Steve Campbell, and Todd Sussenberger combined their talent to be responsible for most of the tackles.

The Falcons expect to fly high next year, now that they've got experience under their belts. They seem very confident and are looking forward to a fantastic season in 78.

J.V. strong for coming year

The 1977 J.V. Football team achieved success through hard work. The team finished with a 6-5 record, and four of their five losses were to championship teams. The team finished strong, winning six out of their last eight games. This year's team had the distinction of being the most intelligent J.V. team to date. The season began with a poor display of blocking and tackling, but many players developed into good football players as the season progressed.

Jack White was voted the captain, Sean Ryan deservedly won the Most Inspirational Player award, and the talented Lindsay Megges was voted Most Valuable Player.

Success best sums up Saratoga high's Freshmen football season. Only one game was lost out of eight games played, giving the Falcons a second place berth in the De-Anza league.

Many all league honors were awarded to several team members. Among these were first team: Tim Rafalovich, Kevin Tanner, Mike Morse, Tim Garcia and Mark Rosetta; second team Paul Ferreira, Greg Mitchell and Mark Jahnke. Jeff Arrillaga was named the most valuable back in the league.

Twelve records were made by this years team including a 33 yard field goal by Jeff Arrillaga. The falcons were coached by Scott Downs, Al Ellenson, Paul Quickert, and Pete Bergna.

"It was a really enjoyable experience

coaching football", commented Coach Downs, "not only because of their great talent, but because of their attitude and desire for excellence."

At the football dinner served at the end of the season, Jeff Arrillaga was voted most valuable player, Paul Ferreira was voted most inspirational, and the captain award went to Mike Morse.

On the freshmen level, there was a fifth quarter of play. This time period didn't count in the game score but allowed the coaches to see every team member play in a game situation.

"The greatest thing about winning," stated Coach Downs, "is that it allows you to include every individual in a positive experience."

Polo Team improved in all aspects

The Varsity polo team in it's second year in the DAL fared the same as its first year with a 2-10 record. Play was much improved in all aspects of the game, but lack of experience is still evident. The JV team had a little more success with a 4-8 showing, while the frosh team posted a 5-7 record. This years outstanding player was Senior, Erik Peterson, followed closely by Junior, Charles Shepard. Most inspirational player was Junior, Bob Tobiason. Varsity captain was Craig Huber, and JV captain was Kevin Morris.

Season full of "high points."

The C Basketball season was a season with a lot of high points. Unfortunately, not many of them had to do with the teams playing ability. We finished 4-8 defeating Monta Vista and Sunnyvale twice each. All in all it was a fun season, and coach Calpin kept us pretty loose. We had the league's leading scorer, Jamie Miller, and some good ball handlers but most games were out-rebounded pretty badly. The starters, Jamie Miller, Mike Worley, Rob Hicks, Jim Hulme, and Jim Gragnola were always hustling and never gave up. This season was a lot of fun for me, and the whole team really made it great.

Vets strong for harriers

This year's Cross Country teams continued their success under Coach Glenn Harmatz. Even though the varsity lost its first league championship since 1974, placing second to Fremont, they were 7-0 in dual meets, Foothill Invitational champions, second in region and seventh in CCS. The last three years, our varsity teams have had a string of 24 consecutive dual meet wins, two league championships, one region championship, and a runner-up in CCS to Harmatz's credit! Craig Johnson, Bob Shawhan, and Steve Mohr were all-league.

The girls' team showed what togetherness and hard work can do for a program. They went from absolutely no program in 1976 to 7-0 in dual meets, Foothill Invitational champions, second in De Anza League by one point, and fifth in CCS. Diane Figliomeni was league and region champ, while Carol English, Sharon Elliot, and Jean Galli were all-league.

The soph team was led by Tom Arno and Jake Avey to a third place in league with Keith Ross leading the frosh team. These three runners will be our top athletes next year along with varsity returnees Mark Gyorey and Keith Kanady.

At the Cross Country Banquet on November 29, 1977, this was read to everyone: "To Coach Glenn 'Willie' Harmatz; we the Cross Country teams of Saratoga High School, would like to thank you for being all you have been to us—for forcing us to run during those cold, rainy days; for keeping the bears away at Yosemite; for helping us to achieve our full athletic potential. And we especially want to thank you for being more than our coach—for being our super friend during our high school careers. We wish you all the luck and success that you deserve in all your future affairs. In appreciation—Teams of '77."

Soccer takes Fifth League Championship

The Saratoga Varsity soccer team took another De Anza League Championship, compiling an amazing 26-0 record for the last two years. In the first round of CCS the team outlasted Woodside 3-0. This game showed the teams explosive offense, which scored 3 goals in the last 10 minutes of the game. The defense was also important, turning back all of the woodside's attacks. In the next game against Cubberly, the Falcons got early goals to beat them 5-2. In the semi-finals, the Falcons lost to Watsonville 2-1. Even though Watsonville's winning goal came with just one minute left, they were slightly a better team and deserved to win.

There are many reasons for the soccer teams amazingly consistent record. One is that they have played 10 months out of the year for the last 2 to 3 years. Another is the fine coaching job of Cliff Draeger, who has put in hundreds of hours in all levels of soccer in Saratoga. The third, and probably most important, is that the team is very close and can work out any problems that face them.

This year the team also got national recognition from two of its players. Eric Price was drafted by the Oakland Stompers, the newly acquired professional team in the area. Both Ted Rafalovich and Eric Price were selected to the All-Far-West team, with Ted Rafalovich being named as a High School All-American. There were only 3 players of the All-American team that were located West of the Mississippi River.

The team also had many All-League and All-CCS players. The All-League players were Mark Graham, Brent Hilton, Jeff Burke, Vince Tubbs, Kevin Vandermate, Ted Rafalovich, Eric Price, and Alex Viva. Alex was also voted the leagues most valuable defensive player. All-CCS honors went to Ted Rafalovich, Eric Price, and Alex Viva.

Other Players that contributed a great deal to the team's success were: high-scoring forward Chris Johnson; halfback Tim Hargrave, Ken Munson, Jeff Lane, Scott Drake, and Scott Solberg; Fullbacks Chris Marshall, Scott Lucas, and Scott Ursin-Smith; back-up goalie Matt Druket; and manager Dennis Watts.

Soccer in Saratoga has come a long way in the last four years, and now when people think of Saratoga, they'll think of soccer.

Falcon Matmen finish strong

This years inposing team showed the results of last years foundation and finished the season in contention for the league title for the first time in five years. Building on last years league championship frosh-soph team and several fine returning varsity grapplers, the varsity team did well in the leage finishing in a close race for third place.

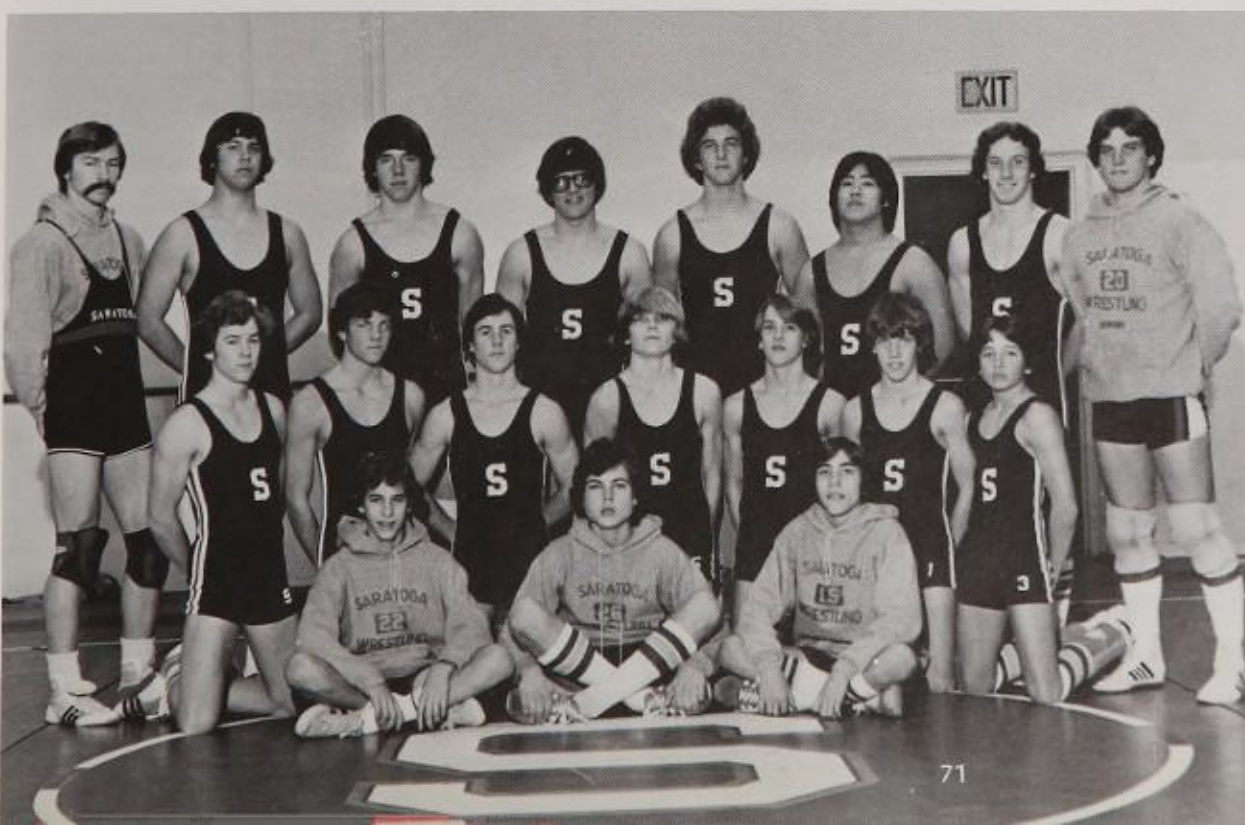

This years varsity finished third in the Camden tournament and will only lose three seniors to graduation. The teams top investors were Brad Gustafson, Rick Donaldson, Dean Roskoz, Rocky Antovich.

Being on the swim team was a lot of fun. I met a lot of new people. When you get tensed and worried the other girls really calm you down and everyone stays together. WE had a lot of spirit and everyone had fun.

Debbie Ziemer

This year we had a lot of individual victories, but the team's success was much more fun. I'm sure we'll never forget sneaking out of relays, running to Mrs. Gordon to see what our splits were, Mark and our reverses, or the hick songs we sang on the bus on the way home.

First place captured by girls' tennis

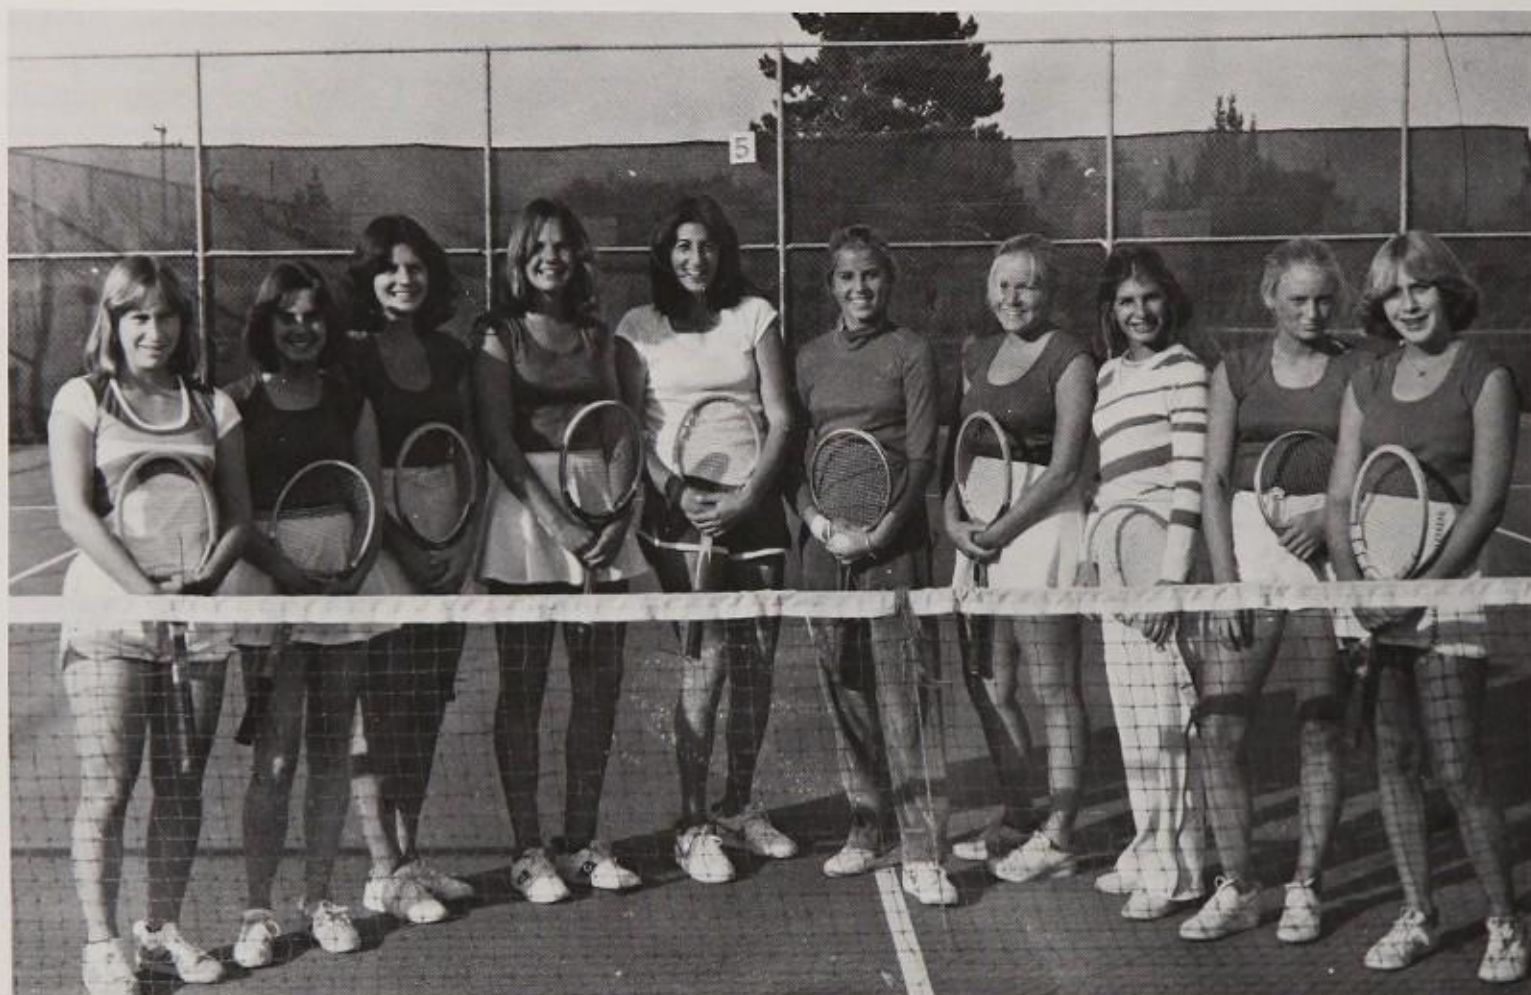

First place in the De Anza league was captured by the Saratoga girls tennis teams after finishing its season undefeated with a very impressive 15-0 season record.

In the finals Saratoga dominated with all their finalists placing in the top three for all league. The finalists

all league were Lisa Wolff, Britton Patridge, Vicky Destin, Holli Rosenberger, Mary Wray, Vicky Pochari, Cheryl Mallen, Karen MacKinnon, Sabrina Pena, Carla Vandermate, Cindy TenZeldam and Maggie Wright. Saratoga took first place in every division in the league.

The girls tennis teams were under the supervision of coaches Marti Peetz, and Tina Kellogg.

There are 28 members in the combined JV and varsity tennis teams. Of those 14 were returning from last year's squad, with a total of ten senior members.

Gymnasts come back strong

This was the first year that the De Anza League had made a full recognition of the two different competitive teams in Gymnastics. Our compulsory division was turned into the J.V. team, and the optional division was made into the Varsity Team. Under the new concept towards their own championship in their respective divisions. The backbone of our team came from the 16 returning gymnasts. We gained a tremendous amount of new strength from the 15 newcomers. Gymnastics has always maintained an outstanding record and level of excellence at Saratoga. Under the conditions of a lengthy season, 4 full months, plus beautiful spring weather tempting us to the beach - each member of the team maintained the perseverance and courage it takes to compete in the difficult and daring sport of gymnastics.

Tough season for hoopsters

Girl's Varsity, JV and C basketball teams had a tough season this year in the highly competitive DeAnza league. The three teams consisted of excellent players, and as a team they played very well. Varsity beat the team tied for first place, and entered in their first tournament. JV went undefeated in non-league practice games. "The players have done an excellent job this season", stated Varsity coach Mrs. Susan Gordon, "however, the competition has also been outstanding. It's been an exciting season."

Saratoga High supported many new
 teachers this year. These new teachers
 helped add to the already excellent
 teaching staff here at school. They
 helped excel our courses of study in
 many areas as English, Art, and Speech
 and Debate. Classes became more in-
 teresting and students were willing to
 participate a little more. In addition to
 the new teachers, new classes were
 added. A new course in Exploring Early
 Childhood opened up for all child-
 caring students. The classroom con-
 sisted of a Nursery School, play equip-
 ment, puzzles, games, snacks and, of
 course children.

Saratoga High's English department has grown considerably in the past few years. They now have a staff of sixteen teachers, each a different personality.

This year we had the pleasure of getting two new teachers, Julia Yamaoka, and Elsie Taketa. Julia Yamaoka did a terrific job coaching the Speech club, and has added a unique touch to the Public Speaking classes. Our English department offers us many different courses and opportunities. Drama is an English elective taught by Judy Sutton. This class enables students to participate in learning about Theatre Arts and different techniques. This past December they put on a Christmas pageant that was quite successful. The students really enjoy this class because it gives them a chance to explore new territories. We have a fine department and hope it continues to develop.

Since I have moved here, I have enjoyed being a part of the Music Department at Saratoga High School. One reason was that I was able to work with two great men, Mr. Paul Page and Mr. Craig Northrup. I have been under the direction of both men, and it sure was to my benefit. I found that both Mr. Page and Mr. Northrup provided all their students with the best knowledge in the area of music.

Mr. Northrup this past year directed the Marching Band, Wind Ensemble, Chamber Band, Symphonic Band, Concert Band, and the Stage Band. All bands received awards in all of the competitions that they entered. The Marching Band went on to win first place in the Los Gatos Christmas Parade, which was well deserved. I found my time well spent under the instruction of Mr. Northrup.

Mr. Page was the director of all the choirs and the orchestra this year. In addition, he directed the musical, *Oliver!*. He brought the orchestra to San Diego for a week to perform at a convention. This was a big honor for the orchestra and Mr. Page. While I was working under the direction of Mr. Page, I found it enjoyable.

Both Mr. Page and Mr. Northrup taught Harmony. This class was offered to those students who wanted to expand their musical by composing their own songs.

Thanks to both directors, my musical background, as well as that of other students, has been expanded to broader limits.

In addition to basic courses found in the typical high school science department, our department offers interesting electives.

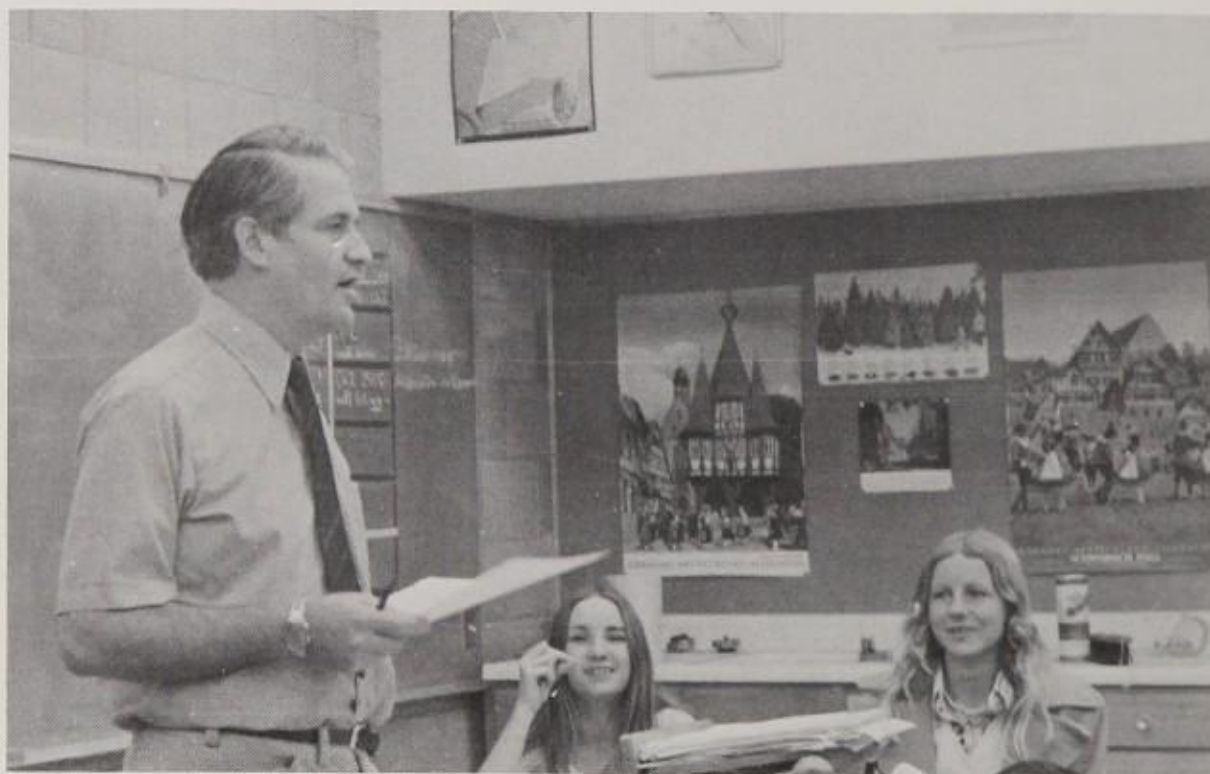

Advanced biology, while offered as a year course, can be taken by semester. This course, for which biology is a prerequisite, includes laboratory blocks on plant growth, metabolism, fetal pig anatomy, and dissection.

Organic gardening is a semester elective, for which biology is a prerequisite also. Students grow plants in a garden using organic methods. They learn about plant growth and cultivation. Ecology is also studied.

Astronomy is the newest semester elective, open to all students but freshmen. One of the major aims is to introduce astronomy as a possible lifetime hobby. Students have the opportunity to observe the heavens with an astronomy club. It is hoped that some students will even make their own telescope.

While these are not required courses for further education, the interest aspect alone makes it worth their consideration.

The Foreign Language department is one of the few departments in the school that involves so large a number of students in elective courses. Many of these students are in upper level courses, like third, fourth, or fifth year.

A foreign language is not something to memorize for a test and then promptly forget. Many people plan to go to Europe or Mexico at sometime in their life, and speaking a foreign language is very helpful when traveling.

The teachers emphasize the practical use of a foreign language. They believe that a person can only learn by experience; that more is learned by actually speaking the language than by sitting in class doing worksheets. At any time, if you take a walk down through the foreign language wing, you can hear one class discussing a novel they just read, another class listening to a tape, and another class doing an oral drill. Learning a foreign language helps people understand each other a little better.

Young faces join classes

New faces decorated the Saratoga High School campus in a new class introduced by Mrs McFarlen. The class, Exploring Early Childhood, studied about children from birth to five years. Their first semester was filled with learning and new experiences in preparation for the second semester Nursery School. The Nursery School housed twenty four children that did everything from painting to exploring the out of doors. The class was enjoyed equally by both the students and the children!

Art has a building year

The art department at Saratoga High School offers many varied courses of study including fiber art, ceramics, jewelry, leather, and two dimensional art. This year due to increased interest in two dimensional art, the department was able to add another class in drawing and painting. Another new course offering this year was Mrs.

Anshens art appreciation class which deals with the history of art and its effects upon western civilization. The class was also able to take a rare field trip to the Stanford Art Museum. The are department also welcomed the building of a new office and store room for supplies during the fall semester.

Mr. Pettis, the department chair-

man, expressed an attitude of joy over the years events. "The additions of our new office and store-room makes things much easier and has really given us a lift."

Parcourse success in P.E. department

This year, the Saratoga High School Physical Education Program has offered a new sport called the Parcourse. It is an outdoor fitness sport that acts as a "coach" for people who are inexperienced in pacing themselves in an exercise regime. The objective of this sport is to maintain overall physical fitness and health.

The Parcourse consists of a series of fitness stations (where you perform specified exercises) which are spaced along a jogging and walking path in the course area. There are signs posted to say whether to walk or jog to the next exercise area.

This new program is a success in the Physical Education Department. Many students participate in the Parcourse to improve their health and for the enjoyment of participating in an outdoor activity. On any weekday or weekend there are many students as well as neighborhood adults taking part in the Parcourse.

Takin' care of business

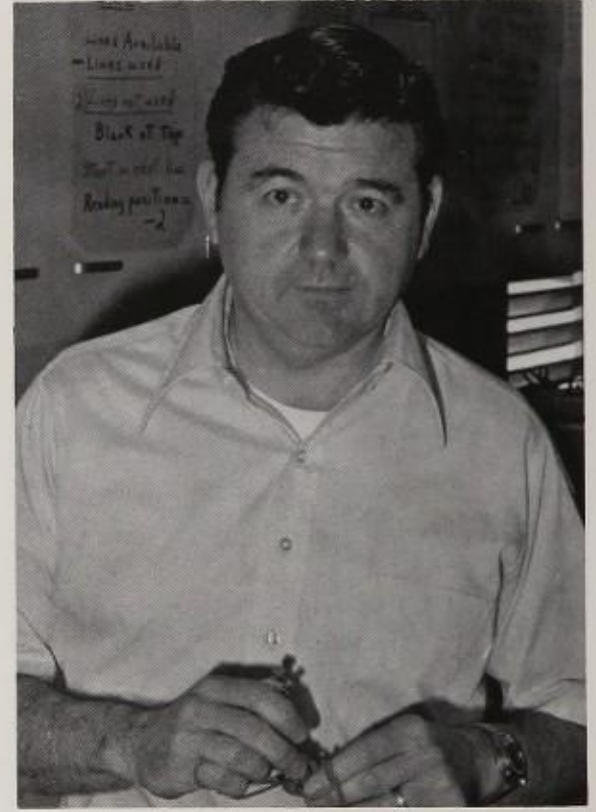

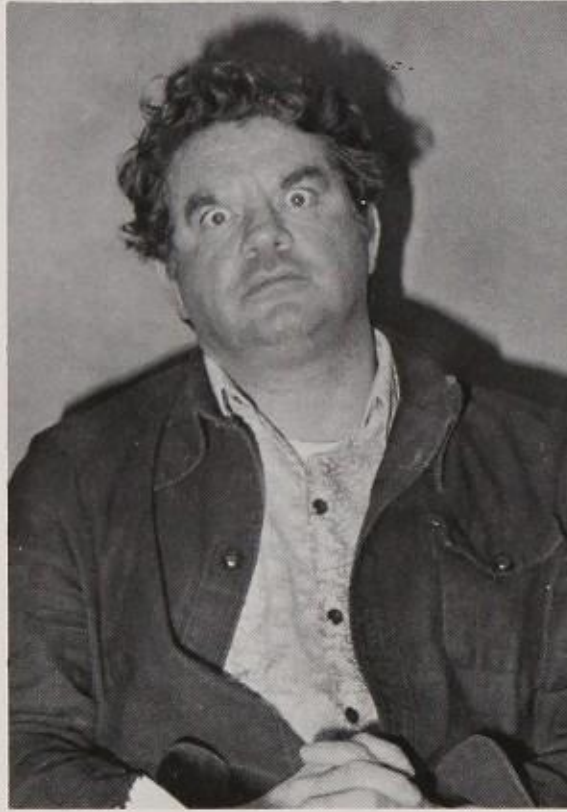

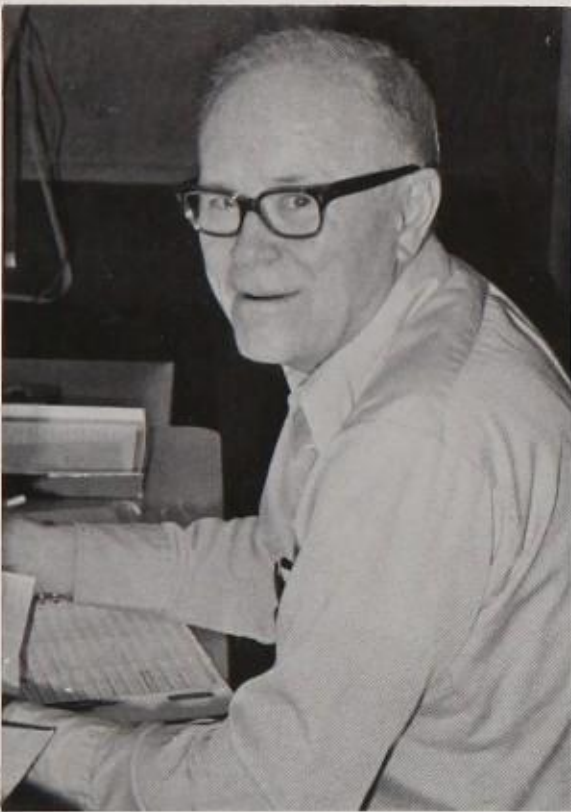

The Business Department has been preparing students for life after high school for many years. Here, students learn typing, shorthand, bookkeeping, and business law. Along with these elective classes is the Consumer Education class, which was an elective until last year, when it was made a requirement for graduating seniors. In Consumer Education, the students learn how to figure their income taxes, how to buy a house or a car, what to look for when they go shopping, and other equally useful bits of knowledge. The purpose of this class is to expose students to consumer problems of today, and to make sure that they know their rights and responsibilities as consumers.

Saratoga receives A.B. 65

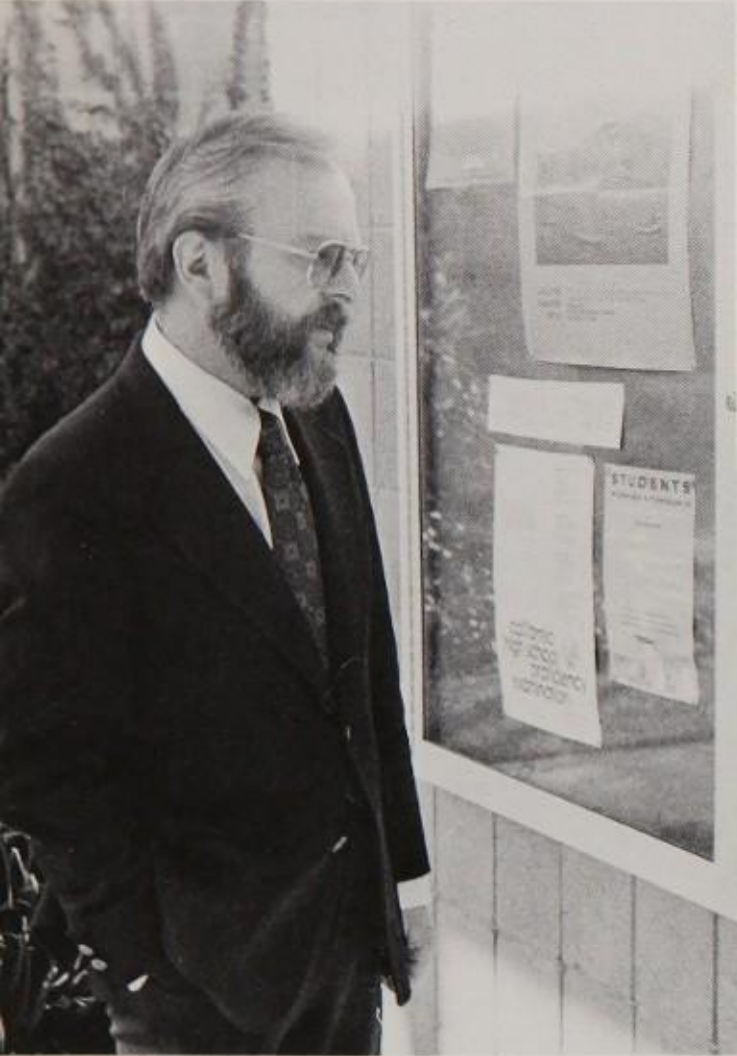

The Administrators made a lot of changes for Saratoga High School this year because they were dedicated enough to do all the

"extras" so that things work out for the students.

One of the extra efforts was put forth to win an approximately \$375,000 improvement grant for Saratoga high school. The administrators put in numerous hours preparing for a presentation that was to be judged by a panel to decide who would receive the grant. Then a lot of time was spent after

winning the grant to decide what areas of education needed it the most.

The administrators were always willing to discuss problems that concerned the students at any-time and were always found at all student body activities helping out whether it was selling tickets or cleaning up afterwards. They were always around and smiling!

Students. The dictionary defini-
 tion says a student is a person who
 studies something. At Saratoga, a
 student not only studies, he acts,
 draws, plays sports, laughs, and
 cries.

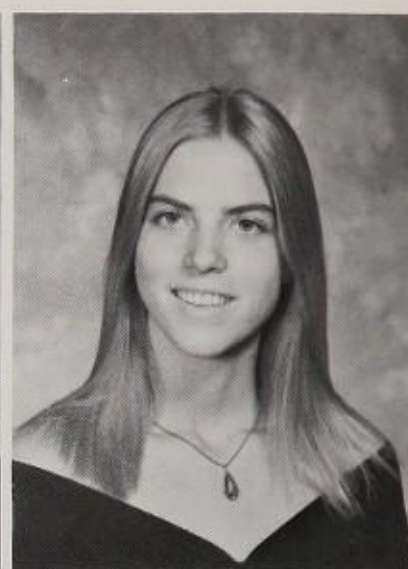

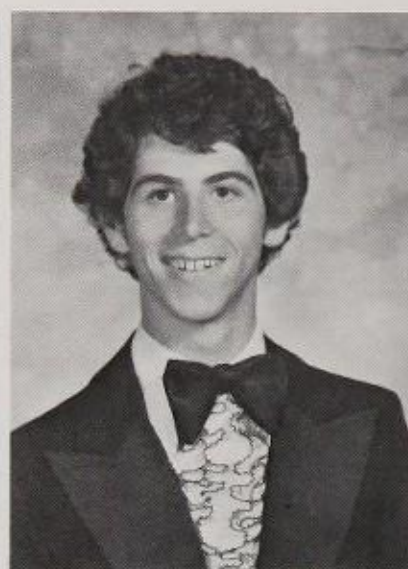

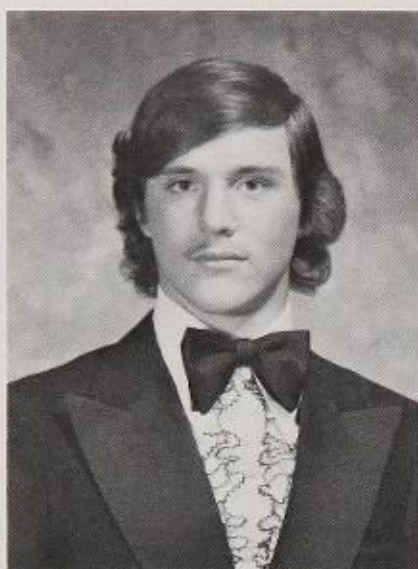

Each student is an individual.
 People complain that they're just
 another number to teachers and
 administrators, but many teachers
 strive to really get to know their
 students and many follow past
 students' progress through high
 school, and even college.

Students. We are Saratoga High
 School.

THE EXPERIENCE OF SHOPPING AT ANY MOUNTAIN IS ONLY SURPASSED BY THE EXCITEMENT OF SKIING ITSELF

*Andy,
To one really great
guy, I'm really glad
that I got to know
you this year, cause you
have one great personality
I hope I can be good
friends for a long time. Have
a great summer and I hope I
see you around.*

Chris Johnson

Skiing like this is nothing short of pure pleasure! Excitement permeates your entire being. Exhilarated beyond words, you are left ecstatic.

From the moment you see the new Any Mountain, you'll realize that because the people here know this feeling, they've built the most beautiful shop for skiers in the world.

Browse through America's largest and finest selection of ski equipment and apparel. Indulge your senses in our mountainlike atmosphere surrounded by redwood and oak.

Or just relax near our magnificent stone fireplace while you plan your next ski adventure. Everything you'll need to make it happen is here at Any Mountain.

ANY MOUNTAIN LTD.

Andy,
I didn't get to know
you very well this year
but I ~~am~~ sure did see you
 alot in the Health office
and period. hopefully we'll
become Better friends next
year. Have a fun summer &
thanks for the ride home you
gave me that day. See ya!

Andy,
I'm finally doing it. Whew! Uh... Uh... Well
you hear the one about the... oh, oops. Well
I really don't know what to say. I'm not too
good at writing deep things in your books but
I'd like to say that it's weird how when you're
in a mood at me (most of the time!!) I always think to myself
how can I get back together with this guy but I
always do. One thing I'd like to say is don't worry
I'll get depressed about people ~~not~~ talking to me seriously
I'm not liking you because it isn't true and if you don't
believe me, look through this book. Ya got friends and you're here to stay. Have fun the rest of the summer, build
there the dark thing is since...

Andrew,
You're a lot
different than
a thought you
would be. Don't
change or try to
impress people let
them except you
for what you are.
Have a good summer
See you next year.
Jim '79

andy, you're definitely
one of the neatest guys
in the whole school. you're
also the best Paramedic
in the whole school! I
hope you have a wonderful
summer! I better see you!
Love ya lots
Joan B.

[illegible]

Andy,
Well, since
school is almost
out, I think it's a
hell. It was great getting
to know you this year. Thank
you for your help when I was
year you should be running out
there. Take Care and be cool over the
summer. Love
Dundee

Andrés, (Suresh)

It was really nice knowing
you. You are so funny. Have
a great summer and you
can teach me mahoozie language
last next year.

Love
mahoozie

Andy,
You're such a sweet
person that I can't put
it in words. I'm really
glad that we were able
to be friends. We've had
a lot of fun. I hope I see
you again. I'll never forget
you, so you'd better not
forget me. Ok?! Please Visit me
whenever you can! Ok!

Love always,
Amaia

WRITE!

Andy,

Hard luck
don't the
concert, never mind,
next year well...
Remember your party,
We had fun at Lisa's
house anyway

See you driving
the summer.
I'm sure I'll
appreciate your
friendship to us!
Love
Dundee

Andy,

I'm really glad
I got to know you
this year. You're
pretty nice and
you'll go a long
way.

Your friend
Amy Dyer

Andy,
I can see you give
"Yes, I have my contacts on!"
"Quit teasing me, Andy!"
Do all of these friends
they should I've been saying
that everyday now!
You guys proved you
were true friends during
my summer.
